I still have no idea. Delores asked me to put it on CD. Since my CD burner isn't working, I couldn't. She refused to accept a password-protected PDF copy. So, she's waiting for the one Jill is overnighting her. I don't see what the kerfuffle is all about. We've released that a-file a boatload of times. In fact, it should be on the USCIS website, pursuant to (a)(2)(d).

Delores,

Do you have a file number? I've checked the tracking system and there is no case subject "Obama Sr." I've checked all the requests (11) that came up in the search for Obama and none of them matched that criteria. If you have more information (file number, requester name, etc.) that will be most helpful.

Thanks,
